

PLANS FOR DUMPING REVISED AT DEMAND OF ANACOSTIANS

Offensive Material Will Not
Be Deposited Near
Poplar Point.

WASHINGTON TIMES BUREAU:
ANACOSTIA, D. C., Nov. 23.
Citizens of Anacostia were given to learn today that the dumping operations that have been in progress for many months at a point adjoining the new Anacostia bridge on the west are to be continued, and that the report of the proposed abandonment of this dump, which gained currency recently, is unfounded. What will be discontinued, however, is the general depositing of offensive material by the District government along the Anacostia flats, near Poplar Point, which has been resolutely insisted on since this side of the river from the District sewage disposal station, and about which the Anacostia Citizens' Association entered a protest to Col. W. C. Langfitt, the engineer in charge of the improvements in the river. Colonel Langfitt has sustained the protest of the association, and ordered upon the District Commissioners to have the practice stopped.

The members of the committee of the Anacostia Citizens' Association who investigated the conditions, are Maurice Ottoback, and Dr. Thomas D. Mudd. The fact that the dumping at the Anacostia bridge is not involved in the present situation is pleasing to the citizens of Anacostia, for it is there that more noticeable progress is being made with the filling in of the flats than anywhere else in proximity to the town. An area of solid land has been made, which is being rapidly added to. The Commissioners will now have the refuse from the District sewage station dumped near Glebe.

Alleged rowdism on an Anacostia street car figures in the report made by Mrs. H. C. Pickett, of 2408 Shannon place, to the police concerning an attack upon her about 12:30 o'clock yesterday morning as she was returning to her home in a car. Mrs. Pickett told the police that one of the men on the car seized her and pulled her from her seat. There was a general disorder on the car at the time, it is claimed, and with her husband she went promptly to the Eleventh precinct, and Mr. Pickett demanded that the action be taken. She was able to furnish a description of the man who grabbed her. The police are looking for him.

The Bureau of Animal Industry has taken charge of the brindle bull pup, the property of William F. Bender, of 2022 Nichols avenue, which bit four-year-old Thomas Bender on the wrist. Mr. Bender requested that the authorities make an examination. The Bender child was not seriously injured.

Charles A. J. Williamson, one of the employees of the Government Hospital for the Insane, whose long service as foreman of the carpentry division has made him known to many persons, is suffering from an accident. He was seriously injured by a fall.

Minneapolis, Minn., Nov. 14, Improved Order of Red Men, met last night in the Anacostia Masonic Hall and listened to reports.

The Friendly League was entertained yesterday afternoon by Mrs. Charles R. Burr, at her residence, in Pleasant place. The afternoon was for the women of the league only and the next evening's entertainment for the husbands of the members will be given by Mrs. Watson Karr, in Nichols avenue.

Mr. and Mrs. William N. King have moved into their new residence, in Mt. View place, near Map View avenue. The residence, just completed, contains seven rooms, large halls, and attic and basement.

The youths of Anacostia will soon have the use of Methodist Hall for their indoor winter pastimes. Preparations are being made to open the building for this purpose, and after the several officers have been chosen by the Brotherhood of the Anacostia M. E. Church to supervise the games, the hall will be opened regularly.

The appeal of the citizens who have to transfer at Talbott street for Congress Heights cars, that a shelter be provided has been successful. The railway company has partitioned off the old waiting station, so that the front section of the building for the use of the public.

Many of the Anacostia friends of Mr. and Mrs. W. Ralph Williamson, whose marriage took place recently in Anacostia, visited them in their new home, in the Vivian apartment, near Seventeenth and G streets northwest, last evening, and gave them a linen shower.

**Mrs. Siesener Pleads
For Limited Divorce**

Suit for a limited divorce and alimony was filed in the District Supreme Court today by Mrs. Nellie L. Siesener against Aloysius G. Siesener, an employee in the Bureau of Engraving and Printing. Cruelty and non-support are alleged. Mrs. Siesener says she was forced to leave her husband on October 14 last, and take their baby to the home of friends. She states she worked for days in a laundry, but was forced to give up the employment. "It will be impossible to live anything but a dog's life with him," Mrs. Siesener told the court.

The couple were married in St. Louis October 17, 1904, and have lived in Washington four years.

Capt. Guy Henry, mounted on "Cheswick," won the first ribbon in the officers' charger class. Captain Lindsay took fourth in this with "Experiment." Lieutenants W. H. Shennard and John W. Downer, of the Third Field Artillery, were the other Fort Myer officers at the show.

FRIENDS SHOCKED BY THE DEATH OF JOHN F. DRYDEN

Former Senator Succumbs
at Home in Newark
After Operation.

Friends of former United States Senator John F. Dryden in Washington, were shocked today to receive news of his death at his home in Newark, N. J., at 8 o'clock last night. Death followed an operation which was performed last Sunday. It was known he was in a grave condition, but he rallied Thursday, and he was seventy-two years old and the president of the Prudential Life Insurance Company, was a familiar figure in Washington. While he paid close attention to his business affairs, he had in recent years, spent his winters in Washington and entertained lavishly.

A native of Maine, Mr. Dryden removed to Massachusetts with his parents at the age of ten, entered Yale and intended to take up law. Ill health interfered, though he graduated in 1885. While unable to attend his studies at Yale, owing to ill health, he made a special study of life insurance and in the Prudential. He was made president of this company in 1881, and held this position to the time of his death. He was one of the founders of the Fidelity Trust Company, was interested in many other corporate projects, was a lifelong Republican, and Senator from New Jersey from 1902 to 1907.

**To Arrange Plans for
Miss Smith's Funeral**

Mackin, pastor of St. Paul's Catholic Church. Mrs. Smith is still in a hysterical condition over the death of her daughter following the terrible murder of her little son. It is denied at the residence, 1307 Florida avenue, that Mrs. Smith has threatened to kill herself on account of her physical condition and that she has been constant since the death of her daughter.

The funeral will be private, although intimate friends of Myrtle Smith will be welcome at the service, it is stated.

This afternoon was the first lecture of the series to be given by the Alliance Francaise of Washington, and was held at an earlier hour than will be customary for the winter. December 16 is the date of the next lecture.

**SICK HEADACHE, DIZZINESS, TORPID
LIVER, CONSTIPATION—CASCARETS**

Sick headaches! Always trace them to lazy liver, delayed, fermenting food in the bowels or a sick stomach. Poisonous matter, instead of being thrown out, is reabsorbed into the blood. When this poison reaches the delicate brain tissue it causes congestion and that dull, awful throbbing, sickening headache.

Cascarets remove the cause by stimulating the liver, making the poison move on and out and purifying the blood. The effect is almost instantaneous. Ladies whose sensitive organisms are especially prone to sick headaches need not suffer, for they can be quickly cured by Cascarets. One taken tonight will straighten you out by morning—a 10-cent box means a clear head and perfect health for months. Don't forget the children—their little insides need a good, gentle cleansing, too. Children gladly take Cascarets, because they taste good and never gripe or sicken.

**REGULATE STOMACH, LIVER & BOWELS

OPPOSE BURDENING OF JUDGES WITH EXCISE MATTERS

Brightwood Park Citizens
Dislike Plan Proposed
by Commissioners.

Opposition to the proposed plan of making the judges of Police and Juvenile Courts excise commissioners, as proposed by the District Commissioners, is strongly opposed by members of the Brightwood Park Citizens' Association. The opposition was expressed by W. McK. Clayton, president of the Federation of Citizens' Association, at a meeting held last night.

"We have two of the best police court judges in the country," said Mr. Clayton, "and we should not lay them open to charges for excise matters by making them excise commissioners."

The association went on record, too, on motion of Mr. Clayton, urging the judges to be excise commissioners, as proposed by the District Commissioners, is strongly opposed by members of the Brightwood Park Citizens' Association. The opposition was expressed by W. McK. Clayton, president of the Federation of Citizens' Association, at a meeting held last night.

A letter of congratulation will be sent by Secretary D. M. Comer, Jr., to the Takoma Park Citizens' Association on the completion of the \$40,000 public library branch at that suburb. In a circular letter that secretary will send to the Brightwood Park members, it will be inclosed urging them to utilize the Takoma branch library.

A joint railroad committee was directed to take up the question of securing a direct service to the bureau of Engraving and Printing in the morning and evening, when the employees of the bureau are going to and from work.

Statements by Mr. Clayton relative to a coming conference with President Taft and the attitude of the Interstate Commerce Commission relative to control of the street cars of the District, representatives of the Federation of Citizens' Associations will meet the President on Wednesday to discuss District matters that the chief executive will be expected to embody in his message to Congress.

The Interstate Commerce Commission will recommend in its annual report that it be relieved from the regulation of the street car industry in the District, according to Mr. Clayton. He stated that the Federal Commission finds itself too much overburdened with other matters to give proper attention to the car service. A public utilities commission to control the traction traffic will form the only satisfactory solution of the problem, according to opinions expressed by members of the association.
